

Ascent Flight Training Air Safety Policy – 2020

Ascent Flight Training (Holdings) Limited (Ascent) is committed to providing a safe system of flying training to our interested parties. This responsibility is understood at all levels of the business and is prioritised within our Business Plan and associated Business Objectives.

Within our approach to air safety the purpose of this policy is to outline the key air safety outcomes for our interested parties.

Our commitment is to:

- Prioritise Air Safety across all areas of Ascent business operations including training design, acquisition, implementation and certification, training delivery and business management.;
- Maintain a just safety culture;
- Maintain our business operations to meet our obligations as defined by MAA RA 1200;
- Assure the competency of staff and performance of Ascent activities in relation to air safety;

Tim James
Managing Director
